

## Recovery Cylinder

-This cylinder is reusable.

-Y valve for LIQUID/VAPOR.

-The products are equipped with a safety valve. If the cylinder pressure reaches the safety limit during operation, the safety valve will automatically open to release pressure. Once the pressure returns to a safe level, the valve will automatically close.

ECLD-30Y

ECLD-50Y

Model	Diameter(mm)	Height(mm)	Color	Capacity	Working Pressure	Testing Pressure
ECLD-30Y	250	410	Yellow/Grey	30LBS	1.8MPa	2.8MPa
ECLD-50Y	280	470	Yellow/Grey	50LBS	1.8MPa	2.8MPa
